ACHE Great Plains Region

Dear Friends,

I was humbled by your kindness and your generous recognition of me at the regional conference in Durant. You made an “old guy” feel very special! Thank you so much.

As always it was very enriching to be in your midst and to be engaged in enlightening and stimulating dialogue. The planning, the quality of content and the participation among those in attendance were especially good this year.

ACHE, regionally and internationally, has been a treasured relationship for me over the last two decades and one that I hope to continue in the future. After transitioning from official connections, I do plan to continue as a retired member of ACHE and will otherwise lend support whenever I can.

Again, thank you. And best wishes to you as you continue the important work that you do with continuing educators, their institutions and their constituents.

Gratefully,

A. David Stewart, Associate Dean  
Kansas State University Global Campus
